“NOTICE TO TAXPAYERS”

Your property is to be assessed at the median level of assessment for your assessment district. You may check the accuracy of your assessment by first multiplying it by the equalization factor above and then dividing by the median level of assessment of 33.33%. The resulting value should equal the estimated market value of your property. If the resulting value is greater than the estimated market value of your property, you may be over assessed. If the resulting value is less than the market value of your property, you may be under-assessed. If you feel your assessment is incorrect or is not uniform with comparable properties in the same neighborhood, you may contact your Township Assessor to review your assessment. You may file a formal complaint with the Board of Review within 30 days of this publication. The assessment complaint form can be obtained from the Supervisor of Assessments Office at 6 N. Vermilion Street, Danville, IL 61832, 8:00-4:30 M-F, 217-554-1940. Complaint Form and Board of Review Rules can also be obtained from vercounty.org.

The following is an explanation of the terms used in the assessment list: The amount below the word **“IMPROVEMENT”** denotes the assessed value of all improvements, which are the building(s), regardless of age, located on the property. The **“TOTAL”** column is the total assessment of the property, which includes the land assessment and the assessment of the improvement(s).

Farmland and farm buildings are not subject to equalization. The farm land values provided in this publication are the 2015 values. The farm land values for 2016 will be increased \$21.86/acre regardless of the Productivity Index (PI) Number and reflects the statutory changes to 35 ILCS 200/10-115(e) under Public Act 98-0109. If the value is listed as \$1 this is the result of a split parcel that includes farmland. The 2016 farmland values have not been applied nor have farm cards been generated on these new splits/parcels. Once the values have been applied you will receive a notice with the 2016 farmland value.

Exemptions – exemptions reduce the taxable value of homestead property. Exemptions are available for owner occupied, seniors 65 and over, disabled persons and disabled veterans (30% or more), recent returning veterans, and certain homestead improvements. If you own multiple residential properties be advised you may only claim the exemption on the property you own and occupy as your principal residence. 35 ILCS 200/15-165 through 15-175 and 15-180.

Your property tax bill will be calculated as follows:

$$\begin{aligned} \text{Final Equalized Assessed Value} - \text{Exemptions} &= \text{Taxable Assessment}; \\ \text{Taxable Assessment} \times \text{Current Tax Rate} &= \text{Total Tax Bill}. \end{aligned}$$
